

## The Leader in Healthcare Staffing

Soliant Health is one of the largest healthcare staffing companies in the country. As part of Adecco Group, the world's leading provider of workforce solutions, we connect hospitals and healthcare providers with highly qualified, full- or part-time healthcare professionals in a variety of specialized disciplines including:

- Nursing
- Therapy – OT, PT, SLP
- Laboratory
- Radiation / Oncology
- Respiratory Therapy
- Clinical Research
- Physicians
- Pharmacy
- Imaging

No matter if we're working with one of the country's largest healthcare facilities in a metropolitan city or with a rural hospital off the beaten path, we always take the time and energy to create the best healthcare staffing solutions available.

### Staffing all your needs

Put our extensive healthcare staffing experience to work in filling your healthcare staffing needs. Whether you're a medical clinic, hospital, private practice, or school district, we have you covered with:

- Travel professionals who are flexible and readily available all over the country.
- Per diem or temp-to-perm healthcare professionals who offer occasional help or shift coverage.
- Permanent professionals for all your full- and part-time positions.

### The Soliant difference

The Soliant culture is one founded on principles. You'll find it's not only about the services we provide, but how we provide them. It's a successful attitude, proven by our strong foundation in the relationships we maintain. From personal achievements to community goals, the people of Soliant take an active role in not only caring for the individual, but the community as well. This big-picture perspective is rooted in the awareness that together, we're better.
